News Letter for the Zone Project - Lions Hospital Fund

Editor: Rodney date: 15.01.2017

Overview

Aim to raise \$150,000 to purchase much needed medical equipment for Emergency Departments at Camden & Campbelltown Hospitals. This is a big project with high goals and expectations and a lot of work is involved to have a successful outcome so we will be asking for volunteers from Lion Members very soon.

The first Lucas2 CPR was delivered to Campbelltown Hospital in November. We are hoping to deliver the next Lucas2 to Camden Hospital in February. The news from the hospital is that they have finished training on the Lucas and it is ready to save lives.

Website

Our website is up and running still being added to, the link is: <http://lionshospitalfund.com.au/> WE need to spread the word so if you can click on the Face book & Twitter icons at bottom of web page, share and leave a comment this will help a lot! If you have any suggestions or input relating to the website please contact Rodney or leave a message via the website.

Bunnings

A very successful day on Sunday 8th January which involved Lions and Lionesses from all 5 Lions clubs in our zone. Well done everyone. As well as the profit from the BBQ, we raised \$425 in the donation bucket. What a team effort. As Danny said: "this is the first time that he can remember when Lions & Lionesses from all 5 clubs have been involved in a fundraiser event"

Bunnings have offered the Lions Hospital Fund every second Friday to run a BBQ. We will need Lions and Lioness to volunteer between the hours of 9.30am to 3.00pm to work on the BBQ. Please contact Danny or a committee member if you can help, this would be much appreciated.

Fay & Bernie donated \$200 to the Lions Hospital Fund

Message from Fay:

It was a pleasure to donate to such a worthy cause. We only wish we could have given more, as one day we may need the help of such a machine. We are only pensioners & call on all people to give as much as a dollar, because they all add up. Good on you Lions for all the time & energy you give up to help the community. Bernie and I applaud and thank you all.

LIONS HELPING TO SAVE LIVES

By supporting Campbelltown and Camden Hospitals

Find out how you can help by visiting
www.lionshospitalfund.com.au

The above picture shows our 3 meter long banner for Australia Day

Australia Day Camden

The Lions Hospital Fund have entered a float for the parade, which will have a Hospital bed and a Lucas2 CPR machine in operation on the back of the truck. Still looking for a volunteer to be the patient in the bed?

We will also have a stall in front of the NAB Bank with all the information on the Hospital Fund with videos and the Lucas2 in action. NSW Health Media are partnering us in this fund raiser. Donation buckets will be part of the display to help meet our target

Donation Wall in Hospitals

It is proposed, and still to be finalised, to have Donation Walls in both Camden and Campbelltown Hospitals. Looking for ideas on final design of wall and plaques, which are economical and modern looking. Any input would be appreciated. Looking at the prices to buy a donation plaque at the moment \$150 to \$200 for individuals, \$400 to \$500 for small local business and \$1000+ for major national companies. This will be an ongoing fund administered by the Lions. So in the future persons or business who want to donate to the Hospitals can do this by buying a plaque.

Donation Buckets & Posters

In order to create awareness, we have printed posters for shop windows and notice boards. We are putting donation buckets at various sites, so if any Lion or Lioness know of a good position to put a Donation bucket, please contact one of the committee members. It all helps. John managed to put a donation bucket on the tellers counter at Westpac Bank Camden. Danny has one at Supercheap Store. Come on Lions & Lionesses John & Danny are showing the way!

Gala night

OK the date & venue are set, it will be a fun night with entertainment, games, live & silent auctions. We will be looking for team leaders and volunteers to help with this event in February.

Date: Friday 19th May 2017

Venue: Cube, Catholic Club, Campbelltown

Time: 6.30pm for 7.00pm

Dress: to be confirmed

Numbers: 500

Ticket price: to be confirmed when all costs are known

Tickets include 4 course meal, beer, wine & soft drinks

Entertainment: Little Pattie, Lucky Star & Band

MC: Still looking. Any ideas let John or Rodney know. Someone who is professional fun and can hold a crowd together.
